It was agreed that the strategy to bring the project team to support the meeting had proved effective. The outcome will prove its worth as a value for money action. Overall the team expressed satisfaction and optimism for the decision on the *Khutbah*. The details of the dialogue between the JNI/NSFC and the project team will be compiled by the Project Consultant 1; Barrister Aliyu Musa Yauri for the records.
- ii) The JNI PRO and Secretary JNI/NSFC later briefed the team. He indicated:
  - a) That there was general consensus for an approval of the *Khutbah* text, its intended purpose as well as its dissemination as proposed by WRAPA.
  - b) The resolution of the members to affect some detected errors, which are mainly typographical, and thereafter (within a week) forward to the Secretary for effecting and harmonization. Thereafter he would forward and formally convey the approval.

#### 4. Team Resolutions/ Recommendations:

- i) **Concept:** It was agreed that the Imams attending the training should be made to:
  - a) Understand the concept and objective of the project.
  - b) That the decline in family values and denials of marital rights informed the introduction of the *Khutbah* and its complementary tools.
  - c) Understand their key important role in passing the message to the Muslim Ummah through the *Khutbah*.
  
- ii) **Technique:** The Team resolved to logically rename the training an interactive communication workshop. It was also resolved that:
  - a) The trainers should make the workshop highly interactive, without losing control of its proceedings.
  - b) Room should be given to the Imams at the start of the workshop to make inputs on the subject of the rights of women in marital relationships; especially in the context of their experiences as Imams who are a reference point in the solemnization of marriages and resolution of the tensions arising in family life of their communities.
  - c) The trainers should analyze and extract key points/messages in the 4 selected themes for the pilot *Khutbah* and focus on them during the workshop.
  - d) The trainers should use practical experiences especially those backed by Hadiths to drive home the legitimacy of the rights of women in marital relationships.
  
- iii) **Content:** The team extensively discussed and agreed to use the following themes as selected (from the full text) for the Pilot *Khutbah* implementation:
  - a) “The position of women under Islam” (1<sup>st</sup> *Khutbah*)
  - b) “Marital life under Islam” (2<sup>nd</sup> *Khutbah*)
  - c) “A Woman’s right on her Guardian” (4<sup>th</sup> *Khutbah*)
  - d) “Maintenance & a Husband’s obligation to his wife” (6<sup>th</sup> *Khutbah*)
